

Texas A&M University  
Department of Health and Kinesiology  
Division of Health Education  
**Assistant Professor of Health Education**

**Position:** The Division of Health Education within the Department of Health & Kinesiology and College of Education and Human Development at Texas A&M University invite applications for a faculty member at the Assistant Professor level. In particular, we seek an emerging scholar who is well versed in health related and translational research with interdisciplinary research experience and a solid research foundation to further advance the Division's strong and expanding research portfolio. This Assistant Professor will be an integral part of the Division of Health Education's faculty, with expectations to expand research efforts, engage in interdisciplinary collaborations, aggressively seek funding opportunities, provide research mentorship for graduate students, and facilitate undergraduate research activities.

Successful applicants will hold a doctoral degree with relevance to the research and teaching mission of the Division of Health Education, have a strong record of research – which includes a potential to secure external funding and demonstrated success publishing in top-tier peer-review journals – as well as a commitment to dynamic graduate and undergraduate teaching. Preferred areas of scholarship include, but are not limited to, content areas and/or innovative approaches/methodologies. For example, content areas could include health inequities, sexual health, substance use, chronic disease prevention. Innovative approaches/methodologies could include complex systems and big data.

Salary, benefits and compensation packages are competitive and commensurate with experience and qualifications. This position is anticipated to begin September, 2021.

Texas A&M is located in the twin cities of Bryan and College Station, with a population of nearly 230,000, and is conveniently located in a triangle formed by Dallas, Houston, and Austin. The area boasts a low cost of living, sunbelt environment, and is consistently ranked among the best places to live in the country. Texas A&M has the 6th largest student body in the nation with more than 58,000 graduate and undergraduate students. Ranked among the nation's top 25 public universities and top 10 public engineering schools by U.S. News & World Report, Texas A&M ranks 7th among US universities with an endowment of more than \$5 billion. The university also holds membership in the prestigious Association of American Universities (AAU), one of only 63 research institutions with this distinction.

Texas A&M University and the College of Education & Human Development are Affirmative Action, Equal Opportunity Employers committed to creating and maintaining a climate that affirms diversity of both persons and views, including differences in race, ethnicity, national origin, gender, age, socioeconomic background, religion, sexual orientation, veteran status, and disability.

**Application Process:** To apply, please provide (1) a letter of application, (2) a current, comprehensive vitae, and (3) names, addresses, and emails of at least three references. Incomplete application will not be considered. Submit the application materials to <http://apply.interfolio.com/78451>.

**Review Date:** Review of candidates will begin on October 15, 2020 and continue until the position is filled. Questions about this position should be submitted directly to the committee chair: Idethia Shevon Harvey, Search Committee Chair, [isharvey@tamu.edu](mailto:isharvey@tamu.edu).
