CATALOG 202131**

I. COURSE SEQUENCING AND PREREQUISITES

The Kinesiology curriculum is sequenced, meaning you must complete certain prerequisite courses prior to enrolling in certain 400 level KINE and HLTH courses. The purpose of course sequencing is to present material in a logical way that helps lay the foundation for students to be successful in the courses that follow. The prerequisites must be completed with a C or better before students can enroll in KINE 426, 433, 435 and HLTH 482. Students will not be permitted to enroll in these courses without completing the prerequisites. See spreadsheet page for additional course pre-requisite information.

II. DESIGNATED ELECTIVES FOR ETR OPTION

ETR does not have general electives. Instead of electives, students take Athletic Training fieldwork and Graduate level courses.

IV. PROGRESS TOWARDS DEGREE

Student Rule 1.5.1 states, “A student is expected to register for a schedule of courses that follows the program of study for a degree in his or her college. A student who elects not to follow the program of study must obtain approval from his or her academic advisor. A student who fails to obtain approval may be held from registration, removed from the inappropriate course(s) and/or required to register for a prescribed schedule of courses”

Periodically advisors will check to make sure you are taking classes towards your degree. If you are planning to change majors or take prerequisites for professional school, please let your advisor know.

Student Rule 12.1 – 12.2 - Students must maintain a 2.5 or higher GPA at all times. Those who do not meet the minimum GPA requirements may be placed on academic probation or dismissed from their major.

V. UNDERGRADUATE DEGREE PLANNER REQUIREMENT

All students are required by TEC§51.9685 (formerly House Bill 3025) to complete an online undergraduate degree plan once every year until graduation. The Undergraduate Degree Planner and a guide to complete it are in Howdy on the My Record tab under the Undergraduate Degree Planner channel. This is not a substitute for advising and approval of your Undergraduate Degree Planner does NOT ensure you are meeting all the requirements for graduation. The Degree Planner opens for submission on March 1st and is due for the Health & Kinesiology students by August 1st. The Degree Planner is accessible at any time to plan future semesters. **NOTE:** When students complete 30+ credit hours they will be notified and required to complete and submit their undergraduate degree planner, even if it is their first semester. The degree planner must be approved before you can register for the following semesters courses.
